Fulton County School Schools  
786 Cleveland Avenue  
Atlanta, GA 30315

It is my pleasure to recommend Harvey Davis for the Director of Infrastructure Management opportunity with Fulton County Schools. In my capacity as *Senior Project Manager* for the Atlanta Committee for the Olympic Games, Harvey's organization supported the development environment for the ticketing and accommodations systems I was responsible for.

I have known Harvey for over 10 years professionally and personally, and can give him the highest recommendation for any senior leadership / management in the Fulton County School technology organization.

I am delighted to share or discuss Harvey's expertise in detail, should the need or desire occur. In closing, I give Harvey my highest recommendation.

Sincerely,

*Michael*
