

November 20, 2006

Fulton County School Administration
786 Cleveland Avenue
Atlanta, GA 30315

This letter is to recommend Harvey Davis for the Director of Infrastructure Management opportunity with Fulton County Schools. In my capacity as Program Director Application Enabling Services for the Atlanta Committee for the Olympic Games Harvey's organization provided level one support for my "Info 96" application.

Over the course of the years leading up to and during the games, Harvey's infrastructure and Help Desk teams provided support for our application development environment and the migration from the pre-games email to the games time "Info 96" email. Harvey was a team player you could count on to deliver for his customers.

Sincerely,

Ms. Norrene Duffy
